

The Source Collaborative Core Team met on Sunday, March 13, 2022 for their third meeting to discuss the Community Prayer Initiative as well as the Vision Document for the Church and the current reality of the ministry. Our coach Jack Shitama joined us by Zoom for the meeting.

Important notes from the meeting were:

- Mike Powell presented the feedback from the Trustee Committee on the Community Prayer Board Initiative. Much discussion was on the best way forward for this initiative including the physical structure, placement, pamphlets, and QR Codes.
- General discussion was on the Vision Document for the Church and the progress that has been made under the Discipleship, Community, and Communication headings.
- Initial discussion was on a focus for the next step to a more vital ministry at Saint Andrew's.

On April 30th, TSC core team will travel to Wesley Theological Seminary to meet in person with the other churches and TSC staff and resource team. Please keep the core team, the church and the other churches of the Source Collaborative in your prayers as we seek to take the next faithful step in ministry toward a more thriving community.
